QUALITY

To deliver the finest product or service available at the level of quality required by the customer.

FINANCIAL RESPONSIBILITY

To offer pricing that yields sound value to the customer, while affording sufficient profit margin to maintain an excellent level of supportive service and the prompt payment of suppliers' products and services.

FAIRNESS

To treat clients with respect and honesty, considering that each of us, as individuals, deserves the greatest opportunity for achievement and self-esteem.

INTEGRITY

To hold the reputation of the referring member in high regard, knowing that any failure in service or quality will reflect directly upon the good standing of that member in the business community.
